ALLIES STILL BATTER GERMANS IN SPITE OF HEAVY RAINS

Operations, However, Slowed Down; New Phase of Campaign Due

BOCHE INSPIRED PEACE FEELERS WILL FAIL TO ENSNARE U. S.

Double Game Phoney Peace
and War Being Played By
Germans, 'Tis Shown

BY CARL D. GROAT
(United Press Staff Correspondent)
WASHINGTON, Sept. 11.—Germany is playing a sinister double game of peace and war, according to information received here today. Her peace game is the use of Baron Burian, Austrian foreign minister, to put out "get-together" feelers. Her war game is incitement of the Bolsheviks to war on the Allies in the north.

The peace game offers no prospect of fruition.

Government authorities assured today there is no desire on the part of the United States to listen to any proposals from the German pawn—Austria—at this time. The Allies and the United States are in full accord as to prosecution of the war. Hence it is certain there will be no listening to the Austrian suggestion as there was on a previous occasion when it appeared for a time the Austrians might be sincere.

It is possible, however, that Burian is going on his own accord in suggesting the Allies and the central powers try to clear away basic differences as a peace preliminary. But no one in high authority here believes his talk as quoted in Vienna dispatches was other than German inspired. As for the war game, it is understood here Germany took the initiative in forcing the Bolsheviks treaty whereby the discredited regime in Russia is to undertake war on the Allies in the north in return for certain protection from Germany. Like all other German promises, this one appears sure to be broken or for Teuton advantage alone.

In the matter of Burian's feeler, it is held here is the cat's paw for Germany in the start of her long-expected and extensive peace offensive. Burian uses soft words to snare the Allies, it is held, but all authorities here agree peace talk is useless with victory in sight that will insure enforcement of right and elimination of Hohenzollern horrors.

ROLPH MAY TRY TO BREAK PRIMARY LAW

SAN FRANCISCO, Sept. 11.—Attorney Theodore Roche presumed to be acting in behalf of Mayor Rolph, today filed a petition in the Supreme Court for a writ of mandate directed against Secretary of State Jordan asking that the state official be compelled to certify and place on the official ballot the name of Frank N. Rogers as democratic nominee for the assembly in the 33rd district.

The Rogers case is considered by Rolph's advisers to be parallel to Rolph's position in the recent gubernatorial race at the primaries.

The petition will be considered in private by members of the bench and if it is considered to be sound enough the court will then set a date for open hearing of the case.

SAN FRANCISCO, Sept. 11.—As the Democratic State Central Committee gathered here today, attorneys "unofficially" representing Mayor Rolph of San Francisco were prepared to file an application for a writ of mandate to break the state primary law which has brought the Democrats a lot of sleepless nights.

Rolph's supporters were still working to get him on the November ballot as a Democrat but they admitted they haven't a chance as far as the Democratic Central Committee is concerned. Francis J. Heney also was present with a statement that the Central Committee's sole object in meeting today is to "preserve and protect the rights of the Democratic party in California." His statement also said the only chance Rolph has of getting on the ballot as a Democrat was to have the supreme court declare a section of the primary law unconstitutional.

W. S. S.

U. S. COMPLETES TESTIMONY

CLEVELAND, Sept. 11.—The government completed its testimony in the case against Eugene V. Debs today. The court is yet to rule on the question of whether a record of indictment of William D. Haywood shall be given to the jury.

SOME OF TOMORROW'S REGISTRANTS WILL BE CALLED IN OCTOBER

13,000,000 of America's
Sons Will List Themselves
For Great Service

WASHINGTON, Sept. 11.—America's second great registry of men to down kaiserism will come tomorrow.

From morn till night 13,000,000 men between 18 and 45 years of age not hitherto registered will list themselves as available for military service.

All through the land today the registration machinery was in place. That there will be an enthusiastic compliance with the law was evident from reports to the provost marshal general's office. Evaders will be almost negligible in number and for them a relentless police system is ready.

Some of those registering tomorrow will be called in the October drafts.

14 DEAD, 29 INJURED AS TWO TRAINS CRASH

ALLIANCE, Neb., Sept. 11.—Fourteen dead and twenty-nine injured was the toll when a Burlington passenger train smashed into a work train on the main line at Birdsall station, six miles west of here, late yesterday afternoon. Nine were seriously injured.

The passenger train was running at a high rate of speed when the collision occurred. Nearly every man in the smoker was either killed or injured when the baggage car telescoped into it. The labor train, with six cars of the passenger train, were thrown clear of the track. Both engine crews jumped. Engineer Fitzpatrick of the passenger train being the only one injured.

Misunderstanding of the change in time of Mountain and Central time was said to be the cause of the wreck. The work train had started out of Birdsall, believing it had an hour to go to Alliance ahead of the passenger. Instead, the passenger train was approaching around a bend of the track, the view being obstructed.

The dead, four of whom have not been identified are all in a local morgue.

The injured included:

J. W. Hutchinson, West Berkeley, Cal.

Charles E. Cooter, Hoffman, Cal.

S. K. Akino, Hoffman, Cal.

CONDUCTOR OF WORK

TRAIN TAKES BLAME

CHICAGO, Sept. 11.—Responsibility for the wreck at Birdsall, Neb., was placed on the conductor of the work train in an authoritative statement issued here today from the office of E. P. Bracken, general manager of the Burlington. The statement said:

"The conductor of the work train takes full responsibility for the wreck. He admitted overlooking Train No. 43, the passenger train in the collision."

BOSTON WINS GAME,

2-1, AND THE SERIES

BOSTON, Sept. 11.—The Boston Americans took today's game of the World Series from the Chicago Nationals by a score of 2-1, thus winning the 1918 World Series, and the last one until the war is won.

Boston took her two runs in the last of the third inning. The third and fourth inning plays were as follows:

Third Inning

Chicago: Deal flied to Whiteman. Killifer out, Scott to McInnis; Tyler out, Scott to McInnis.

Boston: Mays walked; Hooper sacrificed, Tyler to Mearle; Shean walked; Strunk out, Pick to Mearle; Mays and Shean scored and Whiteman was safe at first when Flack dropped Whiteman's drive; McInnis singled, but Whiteman was out at third, Hollcher to Mearle to Deal; 2 runs, 1 hit, 1 error.

Fourth Inning

Chicago: Flack singled, Hollcher out to McInnis unassisted; Mann hit by pitched ball; Mann caught off first, Schang to McInnis; Flack stole third, when Paskert walked; Mearle singled, scoring Flack, Pick flied to Hooper; 1 run, 2 hits, no errors.

Boston: Scott singled, Thomas sacrificed, Killifer to Pick, Schang walked; Mays singled, filling the bases; Hooper forced Scott at the plate, Mearle to Killifer; Shean forced Mays at third, Deal unassisted; no runs, 2 hits, no errors.

The final score was:

R. H. E.

Chicago 1 3 2

Boston 2 5 0

12 FIRES, MANY MASSACRES, ARE REPORTED IN PETROGRAD

German Troops From Ukraine
Being Sent to West Front;
Riots In Moscow

WASHINGTON, Sept. 11.—Petrograd is burning in twelve different places and there are indiscriminate massacres of people in the streets, according to reliable information received by the American Christiania legation, reaching the State Department today. No details are added.

1000 BRITISH SUBJECTS ARE HELD AS HOSTAGES

LONDON, Sept. 11.—German troops are being withdrawn from Ukraine and being sent to the western front, according to rumors circulating in Kiev, reports received here today from Stockholm indicated. Stockholm advices also said fifty revolutionists were killed and 2200 wounded in Moscow recently when Bolshevik troops dispersed a meeting.

All the Siberian railway east of Lake Baikal is now in possession of Czech-Slovak forces, a message from Vladivostok declared. The Czech-Slovaks completed their occupation of the country along the railway by seizing Nertchinsk and Sieretensk.

The London Express learns that at least 1000 British subjects are held as hostages in Petrograd and Moscow, the Bolsheviks threatening to take revenge on them if harm comes to any more soviet officials.

Reports of Bolshevik victories over the Czech-Slovak troops were received today from German sources.

The Rheinische Westfaelische Zeitung reports a Moscow story that violent fighting was in progress toward Balashov and Kamaynskh and in the direction of Aharajevsk the soviet forces had driven back the Allies about twenty miles.

W. S. S.

E. RABIN IS INDICTED

LOS ANGELES, Cal., Sept. 11.—E. Rabin, realty broker, and George W. Lettau were under indictment today for perjury. The action followed the filing of alleged false affidavits in ejectment proceedings.

W. S. S.

STORY PROBABLY TRUE

WASHINGTON, Sept. 11.—The navy department today regards as probably true the claim of the tanker, Frank R. Buck that she sank a submarine while inbound to an Atlantic port.

W. S. S.

GRACE DARLING, MOVIE

ACTRESS, KILLED TODAY

SAN FRANCISCO, Sept. 11.—Grace Darling, well known motion picture actress, was killed this afternoon in an auto accident on Geary street. Her body was identified shortly after the wreck by Chester Franklin, her husband.

W. S. S.

BURGARS TAKE \$1000

CASH AND THRIFT STAMPS

LOS ANGELES, Sept. 11.—Burglars early today robbed eight safes and cash registers in a local market of a total of \$1000 in cash and Thrift Stamps, and destroyed an additional \$1000 worth of property.

W. S. S.

ATTORNEY GENERAL GREGORY

ENGINEERED SLACKER RAIDS

Attorney General Gregory today assumed complete responsibility for the recent slacker raids in New York, in a letter to the President, which has been made public.

The letter contains a long statement of the policy of the Department of Justice in relation to the selective service act, and the result of the drag-net proceedings.

W. S. S.

NATIONAL 1919 AUTO

SHOWS ARE CANCELLED

WASHINGTON, Sept. 11.—At the request of the war industries board, the National Automobile Shows of 1919 which were to have been held in January and February at New York and Chicago, have been cancelled.

W. S. S.

FRED T. COLTER NOMINATED

PHOENIX, Ariz., Sept. 11.—Fred T. Colter has been named by the Arizona Democrats as their candidate for governor, according to returns early today from yesterday's Democratic primaries. Alfred Franklin was selected for chief justice, Jones for attorney general, Sims for secretary of state. For the governorship nomination, Sutter ran second and Osborn third.

W. S. S.

LANSING A SUICIDE

CHICAGO, Sept. 11.—Odell E. Lansing, nationally known botanist, was dead here today, a suicide. Jones was 51 years of age and assistant field secretary of the National Museum. Overwork was given as the cause for his act.

W. S. S.

LA PETITE MONTAGNE

BY FRED S. FERGUSON

(United Press Staff Correspondent)

WITH THE AMERICANS ON THE MARNE, Sept. 11.—Shelled out of their positions between Revillon and Glennes by a heavy bombardment, the Germans have withdrawn to the high road between those towns, falling back a little further toward the Aisne on our right.

The enemy still holds the strongly fortified height of La Petite Montagne and dominating positions east of the Revillon-Glennes line.

Heavy rains have nearly halted the operations between the Aisne and the Vesle.

W. S. S.

EPIDEMIC OF GRIPPE

REPORTED AT BOSTON

BOSTON, Sept. 11.—With more than 1000 cases of grippe or what is reported in some quarters as Spanish influenza on record in greater Boston, health authorities are making great efforts to prevent the epidemic spreading.

It was admitted there were 109 cases among sailors stationed in Boston.

W. S. S.

AMSTERDAM, Sept. 11.—The German Foreign Minister von Hintz has been summoned to army headquarters to confer with Ludendorff and Hindenburg, according to reports from Berlin today.

The Berlin newspaper Vorwaerts flatly denied reports that Mathias Erzberger, member of the Catholic Center party, and Philip Scheidemann, the Socialist, were to be members of the new cabinet. It had been stated that they were to be in a ministry to be formed by Doctor Solf, present colonial minister, to replace the Hertling regime.

(Reports that Erzberger and Scheidemann were to be in the cabinet gave rise to a belief that a strong peace element would be felt in the new German ministry.)

Dispatches from Vienna quoted Djemal Pasha, the Turkish minister of marine, as saying an absolute military victory is now impossible.

"Conciliation," he said, "is now the only way out."

Vienna messages also quoted Baron Burian, the Austrian foreign minister, as declaring this country will stand fast and fight a defensive warfare beside Germany.

"Austria will continue to wage a defensive warfare by the side of Germany," said Burian. "All our adversaries need to do is to provide opportunity for an exchange of views and then perhaps there will be no further fighting needed to bring us closer."

(This is the first statement approaching a peace feeler to emanate from the central powers since their offensive was definitely smashed and they were driven back to their former lines.)

Travelers arriving here stated that during the last few days thirty men of the 25th German reserve regiment were shot for refusing to go to the front.

AMSTERDAM, Sept. 11.—Admiral von Scheer, chief of the German naval staff, and members of the staff, have been summoned to headquarters, according to Berlin advices today.

An earlier dispatch said Foreign Secretary von Hintz had been called to German headquarters for a conference.

SUCCESSFUL LOCAL

FIGHTING REPORTED

ROME, Sept. 11.—A number of local successful engagements were reported in the Italian war office communique.

"Toward Dossescasse, repeated hostile attacks failed with losses," the communique said. "In the Alano basin we raided the enemy, putting their detachment to flight, killing some and taking some prisoners, without loss to us."

"In the Lagrancia valley at Mount Greppa and in the middle Piave sector there was considerable artillery activity."

"While reconnoitering toward Zugnotorta we blew up an enemy munition depot."

W. S. S.

LA FOLLETTE HERE INCOG.

POMONA, Sept. 11.—Senator Robt. M. La Follette of Wisconsin, with members of his family, including an invalid son, has been living quietly in Pomona since last Friday. It became known here today. It is understood he has rented living quarters at San Diego where he will go soon in the interest of his son's health.

SAN DIEGO, Sept. 11.—Senator Robert M. La Follette of Wisconsin, accompanied by his wife and invalid son, are at La Jolla, near here, today. They expect to remain indefinitely.

W. S. S.

LOCAL FIGHTING ONLY IS

UNDER WAY; BRITISH SHOW

GAIN TOWARD ST. QUENTIN

WITH THE BRITISH ARMIES IN FRANCE, Sept. 11. (11 a. m.)—British forces attacked at 2 a. m. today northwest of Peziere. As this is cabled it is reported the British have captured important ridges. The scene of the assault is on the Hindenburg line midway between Cambrai and St. Quentin.

On the eastern edge of Havincourt wood the British advanced and occupied the old Hindenburg line in that vicinity.

BY WILLIAM PHILIP SIMMS

(United Press Staff Correspondent)

PARIS, Sept. 11.—Through the most terrific rains since the fighting began last March, the Allies today are not ceasing to batter the Germans, harassing them everywhere from Dixmude to Rheims.

Nevertheless, the operations are steadily slowing down. Belgians, British, French and Americans are snuggling up closer to their former lines. If the rains continue mud will force a further slackening. Still the weather has been exceptionally dry since before the offensive and the German is thirsty, so much of the moisture can be absorbed. But an early setting in of the rainy season, which is now liable at any time, would affect the whole trend of the remainder of the campaign. Today in local fighting the British and French were driving in the last German outposts westward of the Hindenburg line, the western front was virtually marking time pending commencement of the new phase of the campaign.

Experts here were totally at variance regarding the nature of this new phase of the fighting. Some declared that Foch would not permit Ludendorff to get his second wind at the Hindenburg line, intimating that a great blow is practically certain. Others doubted whether there would be any real offensive before spring.

German critics, however, speak as if they were all drawing their inspiration from the fountain, which hitherto has actually been the case. They admit the allied blow was so serious that German plans, certainly as far as 1918 was concerned, were upset and they suggest no further offensive is possible from their side, although it is no secret that Hindenburg, by shortening his lines, has accumulated some forty divisions of passable reserves with perhaps as many more entering the process of reorganization and the rest cure.

your tube work right.

**THE CALIFORNIA
TIRE STORE**
419 North Main St.
Open Saturday Nights and
Sunday

**ONLY 2 LIGHTLESS
NIGHTS NECESSARY**

A. J. Crookshank, local fuel administrator, in conference with the board of directors of the Merchants & Manufacturers' Association, has decided that it is unnecessary to observe any other lightless nights than Monday and Tuesday, which is required by the fuel administration. It is, therefore, optional with the individual business man whether or not he turns his lights out in display windows and advertising signs on the two nights above mentioned.

The Merchants and Manufacturers' Association wishes its members to understand that they are released from the request made to observe lightless nights every night but Saturday night and suggests that the individual do as he deems best, lighting if he so desires or conserving light as the case may be.

Mrs. Maude Keller Runs Auto Into Truck Near Hospital

A trailer on the Santa Ana-Anaheim road last night took a bump from an automobile under control of a drunken woman that might have happened to a pleasure car full of happy people and had serious results. Mrs. Maude Keller was the offender, and she is held under \$100 bail for trial in Justice Cox's court next Saturday morning at 9 o'clock. She is held on a charge of driving a machine while under the influence of liquor.

The accident happened near the Southern Pacific crossing between the county farm and the Katella substation of the Edison company a little after 8 o'clock. John Buckley of Custer street was with her.

Mrs. Keller was returning to Santa Ana from Anaheim. Immediately behind her machine was a car occupied by John Anderson and his son-in-law, Ed Stiffler, of this city. Anderson followed her until she had the accident. According to his story, she could not keep her car on the pavement, running from one side to the other and at times getting off the pavement altogether. In one of her "tacks" across the road, her car bumped into a trailer of a truck traveling in the same direction. This happened just north of the railroad track, and Mrs. Keller's car bounded off the road and across the tracks. The cars bumped over the rails and landed on the opposite side in the soft sand, without turning over.

The woman is said to have been too drunk to turn the engine off. Stiffler turned the switch and shut off the lights. Her baby was in the lap of her companion, who had nothing to say. No one was injured.

Mrs. Keller's machine was badly damaged, and three tires were ruined. Sheriff Jackson was informed and went after the party, and brought them into the city, Mrs. Keller being kept in jail until bail was furnished for her about noon today.

Mrs. Keller is the widow of Fred Keller, who was killed in an auto accident below Capistrano about two years ago. She was seriously injured and was in the hospital for several months, lying for days in an unconscious condition.

It is fortunate that traffic on the boulevard was not as heavy last night as it usually is in the early hours of the evening, or there might have been one or more serious accidents.

It is possible that a more serious charge may be placed against Mrs. Keller, as a man who was riding on the trailer was injured. His name could not be learned. The trailer and truck belonged to the La Habra Dairy, of which Earl Goodnight is proprietor. The trailer was loaded with hogs.

W. S. S.—
FRED CULVER ESTATE \$85,103.11
J. N. Anderson, Wm. Jeffrey and W. G. Mitchell, as appraisers of the estate of the late Fred M. Culver, have filed an inventory showing the estate to be worth \$85,103.11, against which there is an indebtedness of about \$32,000. One of the big items in the inventory is a sixty-acre walnut orchard at Culver's home place. It is a part of a tract of 140 acres Culver had been improving on shares and his heirs become the owners of the sixty on December 1 of this year. Two-thirds of the bean crop on his 310-acre bean ground lease is estimated at \$13,051. Mrs. Culver has petitioned the court for a family allowance of \$350 per month. Hearing on the petition was set for Friday, September 20.

Two Men for Santa Ana
FULLERTON, Sept. 11.—Henry O. Price of La Habra and Roy D. Fordham of Fullerton will be inducted into limited service by the local board and will become clerks in the local exemption board. They will go north to the Presidio probably today, to be mustered into service and receive their uniforms.

The local board of this district has also been called upon to induct two clerks for the Santa Ana board, and will induct John E. Crouch of Los Angeles and Ronald B. Collis of Fullerton, who have gone to the Presidio to be mustered in and receive their uniforms.

The board will induct a number of other registrants for limited service, who entrained for the Presidio, San Francisco, together with the four chosen for the Orange county boards. They are:

L. L. Isbell, Brea.
Herbert Timme, Anaheim.
Rudolph Wetzel, Fullerton.
Lawrence Cullen, Fullerton.
Roy Johnson, Los Alamitos.
Leo H. Depweg, Fullerton.

The above eleven registrants are to report at the Presidio on the 12th.

TOMORROW A GREAT DAY.

Tomorrow, September 12, will take its place in the annals of our country as one of the greatest days in our national history. On that day, the roll of American manhood will be complete. Every fighting man of our country will have answered "Here" to the nation's call to arms.

A conscious look of manhood and responsibility is upon the faces of our older men. They are proud and happy to be called. They, too, will prove their manhood in the presence of younger men who have led the way. They will have their chance and they will not hesitate or shrink from the ordeal of the war. Their women will give them up as loyally as mothers have already given their sons.

The spirit of America has astonished the world. The draft without riots or disturbances of any kind is the highest tribute that could be paid to American patriotism. The manhood of our country has been weighed in the balances and not found wanting. The spirit that answered so cheerfully and enthusiastically in the first draft has been baptized in fire and blood on the battlefield of the Marne. It has "made good" in the judgment of both friend and foe. The spirit of the last draft will respond with the same alacrity and will stand the same test.

How the hearts of our old veterans will thrill and their eyes will dim with tears to see the present generation worthy of our glorious past! It is great to be alive and see it all. It will be great to stand behind the chosen warriors and match their sacrifices "over there" by our sacrifices "over here."

HOLDING GOOD WILL

Readers of newspapers and magazines must not be surprised or aggrieved if they occasionally find articles advertised which they are unable to obtain in their stores, or which are entirely out of the market. These articles will be placed on sale again in due time, when the war emergency that drove them out has passed. In the meantime, the manufacturers consider it necessary to keep them before the public, lest the public forget them.

It is purely a question of taking care of one's property and keeping it in good condition. The chief element of value of most goods that are widely sold is public familiarity with those goods, and public "good-will" toward them. That is a value laboriously and expensively built up by years of expensive advertising and honest dealing. Many of the factories ordinarily devoted to making such goods are now engaged in war work for the government, or held up for lack of fuel and supplies. When that work is ended, they will want to return to their own special lines. They will find, then, that they have suffered a great and undeserved loss if in the meantime consumers have forgotten all about them. Recognizing this, there is a tendency on the part of the manufacturers to follow the example set in Great Britain, and continue their advertising.

This is a wise and proper preparation for the re-adjustments that must come when the war is won, and it should serve as a guide to firms and individuals, merchants and business men generally. Just as a manufacturer must keep up his advertising to protect and perpetuate the value of his brands and good will, so must the merchant, regardless of unfavorable merchandising conditions, keep up his advertising to maintain the trade advantages he has obtained by hard work and honest advertising.

GOOD-BYE, BOOZE

All debate about prohibition now is futile. It is no use arguing whether or not congress is right in enacting a national "bone-dry" measure, and little use discussing the precise time when such a measure, if enacted, should go into effect.

It happens that the legislation now in the last stages of enactment proposes to wind up the liquor traffic on July 1, 1919. That may as well be accepted as final. The extension of time from January 1 to July 1 is a longer respite than most liquor men had ventured to hope for.

Details matter comparatively little. Prohibition was sure to come, anyhow, without much more delay, and without any necessary reference to the war. The necessities of war have helped greatly to win support for the movement, but they have not been by any means the only determining factor. We should almost certainly have had national prohibition in a year or two if we ourselves had not entered the war. We are almost certain to have it indefinitely after the war ends, despite the present limitation of the law to the period necessary for demobilizing our army.

It seems perfectly plain that the American people are through with alcohol. We may find some sort of compromise hereafter between strong drink and mild drink, between the old-fashioned American bar-room and the respectable dispensaries of some other countries that are temperate but not total abstainers. Even that, however, is not at all sure.

The one sure thing is that we shall never return to the liquor traffic as we have known it in these last few decades, and that future generations will grow up without the alcoholic temptations that have surrounded their forefathers.

THE CHILDISH CAR MEN

Street car men in Cleveland have been making themselves unpleasantly conspicuous by their small attitude toward the employment of women for car crews. The men protested and threatened to tie up the whole street railway system if the company continued its policy of training women to fill the vacancies left by men called to the colors. Their petty objection to the women workers is

hard to comprehend in this day when women are so willingly sharing the burdens of the war. The example of British and French women who have raised and harvested the crops, entered the factories, shops and mills, who have in fact taken up the work of the men wherever the men had to lay it down at the call of their country, has meant nothing to these would-be strikers.

Their own jobs were not to be taken from them, their own pay was not to be reduced. The company simply proposed to fill the rapidly increasing number of vacancies with women as other warring nations have had to do, and as other cities in our own country undoubtedly will have to do before the war is over. New York City accepted women guards in the subway without any such outburst of sulkiness as the Cleveland car men have shown.

The latter refused to help train the women. Motormen refused to work on cars with women conductors, and their union leaders threatened to call a strike unless the company withdrew the women it was already training. Altogether they contrived to show themselves both contemptible and unpatriotic. That they will not be allowed to carry out their threats does not lessen their culpability.

FLYING TO AMERICA

The Spaniards are talking very seriously of starting an air transportation line to the United States. The chief of the Spanish military air forces has interested King Alfonso in the project, not as an adventure or a sporting event, but as a business proposition. The Spanish cabinet is said to have seriously discussed the scheme.

The idea is to build many large airplanes, capable of carrying forty passengers and a large quantity of mail. A passenger fare would be \$400, and the cost of an ounce of mail about thirty cents. The trip would take a little over two days. Experts maintain that the project is entirely feasible, and that there is money in it.

There would be glory in it, too. And Spain may actually beat us to it. It was Spain, remember, that adopted Columbus and thus beat the rest of the world to the discovery of America.

Say In 1920

Colonel Roosevelt's idea of peace with Germany will suit about 110,000,000 of Americans just to a "U." He declares that we are going to fight this war through, "no matter how long it takes, and with the resolute determination to accept no peace until we win the peace of overwhelming victory."

That comports well with Senator Lodge's recent announcement, when he was elected his party's leader in the upper house. The senator's conception of an American peace is a "complete peace" won on the soil of Germany. We must not stop short of an utter destruction of Germany's power, and we must remove from her control those things that have contributed to her economic and military supremacy. As one step in that direction the coal and iron mines of Lorraine must be separated from German domination and given to France, because they belong to France, while the Teuton must likewise be driven out of Russia, which even yet he expects to hold.

Roosevelt and Lodge were not speaking as Republicans, but as Americans, and if it were necessary to define a party creed just now, that would "go" for a Republican platform. "Peace by victory" has been National Chairman Hays' slogan ever since he annexed the job, and that particular thing has largely been made possible by the work of Republicans in congress. The country is yet to appreciate its full obligation to Julius Kahn of California, who put the measure through the house of representatives which made the big national army possible.

Just Groans and Grins

NOT MERE, AFTER ALL
The small boy sometimes sees strange and sees far. He reads the signs of the times unabashed. John, at a co-educational school, cut quite a good figure at the examinations, but failed to get the highest marks awarded in his mixed class. His father was astonished and incensed. John beaten by a girl!

"John, I am surprised to find that you have allowed yourself to be defeated by a mere girl,"
"Yes, father," says John, unblushingly, "I have been beaten by a girl. But I can tell you something—girls are not so very mere, after all."

"What class did the draft board put you in?"
"I'm in the O class."
"I didn't know there was any such class."
"Sure there is. I O the grocer, the butcher, the tailor and all the department stores."

THE J. E.'S HOUSEHOLD HINTS
A Connecticut inventor has perfected a machine that cleans dishes, pots and pans, polishes silverware, makes beds and cleans windows, pictures, wall paper and lace curtains. The machine is connected to a hammock which it swings while the work is being performed, and the woman operating the machine can rest in the hammock while all this is going on. The inventor has received orders for 68,915,718 machines.

Never throw away an old diamond ring. Give it to the children, who can amuse themselves by cutting pictures on the window panes with it.

CORRECTED
"Mamma, in sending out my birthday invitations shall I say, 'Your presence is requested?'"
"Of course not, my dear. You should say, 'Your presents are requested.'"

MODESTY
Two Lancashire women were talking of the war.
First Woman—How's Tom getting on in Palestine?
Second Woman—Oh, he's doing well. Aw've just had a letter from one of his mates, and he says Tom's gotten dysentery.
First Woman—Strange he's never written hissel'!
Second Woman—Nay, it's just like him—he would no mek a fuss about the honors he won!—London Tit-Bits.

BEAT HIM TO IT
Vet. Officer—Did you give the mare the powder, Williams?
Private Williams—Yass, zur, but she didn't swallow it, zur.
Vet. Officer—How's that? I told you to put the powder in the glass tube and blow it down her throat. Didn't you?
Private Williams—Oh, yass, zur. But her blowed fust.—Judge.

ADVERTISING IS BIG DIVIDEND PRODUCER

Presentation of Resources Induce Many to Locate In City

The Chamber of Commerce is constantly in receipt of communications that go far to prove that community advertising pays big dividends and that judicious advertising of resources and opportunities result in locating many people in Orange County. As proof of the foregoing the following extract from a letter from a near by community is quoted:
"I have a cousin who is interested in California and they are thinking of a home in Southern California—a small home where they can have a cow, some chickens, etc. I am recommending Orange County as the only place to settle. Will you please send them any information and pamphlets that you may have available pertaining to Orange County as a whole—the towns of Orange, Anaheim, Fullerton, etc."

as well as to Santa Ana itself. Please send this information to—
Many letters of this kind are received and this proves that it is wise for all communities in Orange County to keep a supply of literature in the Santa Ana Chamber of Commerce.

Santa Ana Ideal Home City
Another letter received from a far eastern state, in part reads as follows: "Nearly every day since we arrived home from California, our minds drift back to the pleasant scenes and conditions which we enjoyed while there, and while thinking and meditating over the different places we visited, many of which were truly alluring, yet nothing appeals to our mental vision or stands out so prominently as beautiful Santa Ana. It surely was in our brief stay of five weeks, the most satisfactory place to live in that I ever saw. There may be other places equally as good, but they did not come under our notice. And as a natural consequence we would like to return and make a permanent stay, yet we do not want to be too enthusiastic or make changes which might prove detrimental," etc., etc. The letter goes on to make various inquiries as to prevailing conditions, including business, churches, lodges, etc.

Chamber Works for Community
The Chamber of Commerce in its work of community building necessarily increases the membership of the churches, the lodges, etc., as well as the business interests of the community. The average citizen naturally selects his church and his lodges for affiliation when locating in a new community as well as his trading connections with the various stores which he must patronize. He also becomes a patron of the railways and he in his turn assists in making property more valuable, for the more people, the more value property has. It has been truly said that "density of population increases property values." This is proven by the fact that property at the corner of Fourth and Main streets is worth more than property one mile distant.

MRS. CHAS. PEDEN GAINS 27 POUNDS

Was Twice Examined and Each Time Told Operation Would Be Her Only Hope

"I have just finished my third bottle of Tanlac and have gained twenty-seven pounds," was the truly remarkable statement made by Mrs. Chas. Peden, residing at 550 Mill street, Huntsville, Alabama. Mrs. Peden is one of the best known and most highly respected women of that thriving little city where she has made her home for a number of years.
"When I commenced taking the medicine," she continued, "I only weighed ninety-eight (98) pounds; now I weigh one hundred and twenty-five pounds and never felt better in my life. For years I have suffered with a bad form of stomach trouble, constipation and pains in my side and back. At times the pains took the form of torture and I was twice examined and each time told that an operation would be my only hope. I had fallen off until I only weighed ninety-eight pounds and was so weak I could hardly get around."

"I had no appetite scarcely at all, and what little I did eat would cause gas to form in my stomach which gave me palpitation of the heart, sick headaches and a dizzy feeling about the head. When those spells came on me, I would get awfully nervous; I worried about myself until I could rest and sleep but little.
"I had fallen off until I was almost 'skin and bones' and my strength and energy were slowly leaving me. I had a dread of the future and could see nothing but the operating table and the knife. I had a perfect horror of an operation, but had made up my mind that it was either life or death and prepared to submit to it. I had made all preparations for the operation and called on my sister to tell her goodbye, as I did not know whether I would live to see her again or not. My sister begged and pleaded with me not to allow them to cut me up and told me to wait and try a good tonic for a while. The next day as I returned from the consultation room I heard so much about Tanlac, I decided to try it as a last resort, and stopped at the drug store and got a bottle. Of course, I had lost heart and had no faith in medicine, but to please my sister, I made up my mind to take it, and oh, what a happy day that was for me!"

"I never returned for the operation, but just kept taking Tanlac and my improvement has been so rapid that none of my clothes fit me. Right from the start I began to improve. The medicine seemed to take hold right at once. It had a soothing effect, and in a few days I felt no pain at all. I was so happy over my wonderful improvement that I sent for my neighbors to tell them how much better I felt. I sent and got another bottle of Tanlac and have just finished my third and feel like I have been made all over again into a new woman."

"As I have said before, I now weigh one hundred and twenty-five pounds and none of my clothes are big enough for me, and I will have to make them over again. I now have a ravenous appetite and my husband says I am simply eating him out of house and home. I have even gone back to my coffee which I was told not to touch. Those horrible pains in my back and head have all disappeared and I sleep like a child. I am no longer nervous and when I get up in the mornings I feel refreshed, cheerful and bright. I am now able to attend to my household work again and I feel as if I had started life all over. My husband is highly delighted and my recovery is the talk of the neighborhood. I do nothing but rejoice all day long over the recovery of my health and praise Tanlac to everybody."

"I feel so grateful for my escape from the operating table and the knife that you may publish what I have said; you may if you wish, tell other women suffering as I was, to come and see me and I will be glad to tell them about my case."
Tanlac is sold in Santa Ana by Rowley Drug Co., in Fullerton by G. W. Finch, in La Habra by R. H. Hilbert, in Huntington Beach by Rigdon's Pharmacy, in Orange by Dittmer's Mission Pharmacy, and in Placentia by A. J. Robinson, and in Tustin by Tustin Pharmacy.—Advertisement.

PERSONALS

TUSTIN TWELVE

Mrs. E. H. Mueller Hostess to Club at Delightful Meeting Held Yesterday

A very delightful meeting of the Tustin Twelve was held yesterday afternoon at the home of Mrs. E. H. Mueller on Bush street, all the members being present, except Mrs. House, who is away on her vacation. Mrs. Mueller's mother, Mrs. C. M. Graham, was a guest of the club.

The home was brightened with clusters of pink roses and the time was profitably passed with knitting socks and doing fancy work. During the afternoon Mrs. Charles Johnson pleased with vocal solos.

Late in the afternoon Mr. Mueller served her guests with cooling refreshments of ice cream and cake.

Those participating in the pleasures of the afternoon were Meses. Arthur Hofer, Chas. Sauer, George Pollard, Chas. Artz, J. A. Graham, Otis Bridgford, Albert Fuller, Fred Morehead and W. S. Suddaby.

To Teach in Los Angeles

Last Monday afternoon Miss Linda Paul entertained at her home in honor of her cousin, Mrs. Grace Allen, who, having accepted a position as teacher of the Eighth grade in the Los Angeles public schools, is leaving Santa Ana in the near future.

The guests were the teachers of the junior and primary departments of the M. E. Church, South, Mrs. Allen having been a most faithful teacher in the former work.

At the close of a delightful but informal hour, delicious refreshments were served, consisting of fruit salad, iced tea and the "inevitable" Southern hot biscuits.

The guest list included Meses. Martin, McNaught, Obar, Walton, Harvey, Fine, James, Wright, Tedford, Misses Flossie Zerman, Hester Covington, Eunice Jones, Grace Martin and Sallie Covington.

W. C. T. U. RESUMES

Interesting Meeting Held on Lawn at Home of Mrs. H. S. Gordon Yesterday

The Santa Ana W. C. T. U. resumed its regular meetings yesterday afternoon, after having a few weeks' vacation. The meeting was held on the beautiful lawn and in the cozy arbor of Mrs. H. S. Gordon, at 420 Cypress avenue. Mrs. J. A. Stevenson led very appropriate devotions on patriotism, as this was a patriotic meeting and the program and reports were along patriotic lines.

Mrs. Minnie Holmes, chairman of the Comfort Bag committee, reported that 110 comfort bags had been filled and given out to the boys, who have gone out from our city.

There was a general discussion on how to better provide for the infant box now being used by the Associated Charities. It was decided that the collection taken on the first meeting of the month be used to purchase material for making clothes for this box, and the collection on the second meeting be used for the Mexican work. Mrs. J. D. Rindard, Mrs. E. P. Stafford and Mrs. J. E. Kellogg were appointed to assist Mrs. Lauderbach in looking after this box.

An invitation from the Belle Rogers Union to meet with the union for an all-day meeting at Birch Park for a picnic dinner on next Tuesday, September 17, was accepted.

Mrs. H. Clay Kellogg had charge of the program. Young people from the neighborhood furnished vocal and instrumental music during the program and a number of very interesting patriotic articles were read by a number of the ladies.

The next meeting will be a mothers' meeting and will be held at the home of Mrs. C. W. Burns, 521 West Sixth street.

Mrs. Gordon served tea and wafers, while the ladies enjoyed a pleasant social time.

Supper at Park

The junior and primary departments of the M. E. Church, South, were hosts last night for the fathers and mothers of the members at Birch Park. More than 100 were present and a sumptuous supper, topped with hot coffee, was spread informally upon the velvety lawn.

The children gathered at 4:30 o'clock and played games until supper time, after which a social hour was enjoyed by the grown-ups.

Ambition

TIRE MEN AND WOMEN who "feel old before their time," who are languid, have no energy and lack ambition—these are often sufferers from kidney trouble.

Weak, overworked or diseased kidneys are indicated by ambitionless, always tired, nervous condition, by sallowness of skin and puffiness under eyes, backache, stiff joints, sore muscles, or rheumatic pains.

Foley Kidney Pills

get right at the cause of suffering and misery, regulate the kidneys and bladder and restore to sound and healthy condition.
N. R. Reese, Dublin, Ga., writes: "I want to say I am better. Before I started to take Foley Kidney Pills I could not turn over in the bed. I had such severe pain in my back and hips. I was so stiff I could not bend over and I had to get up at night five to six times. By taking Foley Kidney Pills I am up and able to go to work."

BACHELOR GIRLS' TEA

Miss Etta Hale Entertains at Jolly Affair For Delta Alphas

Miss Etta Hale of Bush street very happily entertained twenty-five or thirty members of the Delta Alpha girls of the First M. E. Sunday school last evening with a bachelor girls' tea.

Attractive decorations were arranged with numerous postal views of cats and maids, combined with hellebore.

The pleasures began with stories of by-gone days, followed with conundrums appropriate to the occasion, which provoked much merriment. A cat guessing game was enjoyed, Miss Maude Powers winning first prize, a beautiful cloth cat. The second prize, a box of snuff, was won by Miss Edna Masters. Miss Etta Hale gave a reading, "The Spinster's Cat," by Mary E. Wilkins, which was much enjoyed.

A ladies' quartet, composed of Misses Etta Hale, Nellie O'Brien, Grace Ludwig and Kathryn van Doren, sweetly sang "Silver Threads Among the Gold," accompanied on the piano by Mrs. Peter van Doren.

Several pleasing piano numbers were also rendered by Mrs. van Doren.

A brief business session was ably presided over by the new president, Mrs. Pearl Morris, and several important committees appointed. Mrs. Bertha Murphy was elected clerk and reporter and historian, following the resignation of Miss Lillie Confer.

Important (?) toasts, which would have caused much merriment on subjects of wigs, false teeth, hair dyes, and care of cats, were omitted owing to the lateness of the hour and the service of tea and wafers closed the enjoyable evening.

Farewell Picnic

The Philathea class of the First Presbyterian Church is mourning the loss of its beloved teacher, Mrs. J. A. Stevenson, who with her young son James is leaving here to make their home in Los Angeles, where Mrs. Stevenson's sister resides. The home has been broken up for a time by the departure of Rev. Stevenson in Y. M. C. A. work and leaving for France soon, and by the enlistment of their son Donald in the navy.

As a farewell courtesy to Mrs. Stevenson and James the class members planned an outing at East Newport last night and twenty-five were present to enjoy the palatable supper, which consisted of hot wieners, scalloped potatoes, pickles, coffee and pie a la mode.

Seated about a cheery campfire, the president of the class, Miss Eugenia Henry in a felicitous speech, spoke of the genuine regret of the class that Mrs. Stevenson was severing her connection with it for a time and presented her with two service flags, one of the Y. M. C. A. and the other bearing the anchor of the navy. Mrs. Stevenson feelingly responded.

Those participating in the outing were Mrs. J. A. Stevenson, James Stevenson, Misses Ruth Armstrong, Joy Baker, Florence Doig, Eugenia Henry, Adeline Hill, Stella Kaufman, Eva Osborne, Virgil Potts, Louise Tubbs, Gladys Vanhise, Alice Wasser, Zoe Vanderlip, Nada Woodward, Ella Gammill, Hazel Stocklager, Margaret Grant, Elizabeth Reed, Lillian Bernard, Zelma Sturgeon; Meses. John Sauer, Charles Cotant, Emrys White, George Miles and little George, Jr., of Huntington Beach.

Doing Good Work

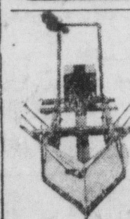

A vacation rest was forgotten by the Daughters of Veterans this year and all through the summer months they have been as busy as ever doing all the good work they could, visiting their sick members and spreading sunshine with their cheery calls and bouquets and also carrying on their Red Cross sewing every Thursday at the Armory.

Since their last meeting, 57 calls upon the sick have been made and yesterday everyone was delighted to hear that their beloved president, Mrs. Flora Phillips, who has been confined to her home for three weeks, was very much improved.

Especially attention was called to the meeting Thursday for there is plenty of Red Cross sewing on hand. A good attendance is also desired at the next regular meeting to be held on September 23rd.

MUSICAL WORK

Association Plans Co-operation With War Activities at Meeting

Plans laid at a recent board meeting of the Santa Ana Musical Association, held at the home of Clarence Gustlin, the new president, point to a very direct co-operation for the coming year of this organization's work with that of various war activities.

The study of "Music of Our Allies" was decided upon and an endeavor will be made to have each alternating program presented by outside artists of the nationality of the music studied.

For instance, it is hoped to devote the first program, October 18th, to French music and to secure the services of prominent French musicians for its rendition.

The plan is to make these programs available to those who are not members, through a moderate admission charge and to turn the proceeds over to the Red Cross or some other war relief.

The association hopes for a greatly increased membership this year in order to more efficiently carry out its plans at a time when such spirited opportunities for service are at hand.

Community music will be fostered as in the past. Especially important is this work just now for music is as potent in sustaining civilian morale as that in military circles.

The Santa Ana Musical Association deserves the support of every progressive citizen of this city. Its influence can be very far-reaching in the causes of education, culture and civic growth.

The secretary-treasurer, Miss Leila Rittner, at the First National Bank, will be pleased to enroll new as well as old members.

Place of meeting will be announced later.

Busy Bee Club Tomorrow

The Busy Bee Club will meet Thursday afternoon with Mrs. Jack Miller, 805 East Third street.

Five Gulf States to Picnic

The annual picnic reunion for the five Gulf States will be held in Sycamore Grove Park, Los Angeles, all day Saturday, September 14. There will be county headquarters and registers. Basket dinners will be eaten at noon and all must bring dinner, cup and spoon, but hot coffee will be provided. About 2 o'clock there will be a popular program with songs and addresses. Judge Monta J. Moore will preside and Dr. Ivan Lee Holt of Dallas will be one of the speakers.

Mr. Sidney K. Johnson will have charge of the music, and old southern songs, patriotic and national airs will be led by him and he will give a solo. All who have ever lived in Texas, Louisiana, Mississippi, Alabama or Florida are included in the invitation to come and meet old southern friends again.

FOUNTAIN OF YOUTH

It is not a myth, but a reality and women may find it in perfect functional health. Women who want to grow old gracefully should guard against all organic weakness and derangements, and at the first symptom of such conditions resort to Lydia E. Pinkham's Vegetable Compound, nature's own root and herb remedy, to restore health. For three generations women of America have depended upon this successful remedy and have found no other medicine to equal it.

THE CLARINDA
Electric Washer

Approved by Good

HOUSEKEEPING
INSTITUTION

A striking feature of THE CLARINDA ELECTRIC WASHER which cannot be emphasized too strongly is the absence of mechanism beneath or around the tub of the machine. There is no invitation to children to poke inquisitive fingers into crushing gears—no possibility of skirts catching and tearing—no inaccessible oiling holes. The driving mechanism of THE CLARINDA is all enclosed so completely that even the slightest element of danger is removed.

THE CLARINDA DIRECT DRIVE POWER WASHER is not an adaptation of motor power to an old style, hand-power "contraption." It is a perfectly planned, carefully constructed, modern machine. Every part of the machine is especially designed for its particular use in the machine. The power plant is of the noiseless, spiral gear, direct drive, type, arranged in one compact unit.

THE CLARINDA WASHER is designed and constructed with the same care and precision as to operation, material and adaptability as a high grade automobile.

Because your neighbor bought a dangerous, noisy contraption and it does the work fairly well by "nursing it along" and keeping out of the way of its dangerous "riggings" and by spending a lot of unnecessary time in waiting for it to get through, is no reason why you should put aside your good judgment in the selection of a machine.

We give a guarantee bond covering every part of this machine for a period of five years against defective material and workmanship.

ICE WOMAN DELIVERS 5000 COLD POUNDS

LOS ANGELES, Sept. 11.—Miss Allene Hale, of Los Angeles and formerly of Chicago, today piloted a heavy ice delivery truck through the Los Angeles residence district—the first girl ice wagon driver. She went to work Monday and in her first day delivered 5000 pounds of ice, carrying 50-pound lumps to the "third floor back" without difficulty.

CAPT LEEDS APPOINTED

PASADENA, Sept. 11.—Captain Charles T. Leeds, who has been instructor at Throop College under the reserve officers' training camp provisions has been appointed to take command of the Student's Army Training Corps unit to be established at Throop. According to Dr. James A. B. Scherer, president of the college, Captain Leeds' appointment means that the government has finally accepted the provisions under which the college is to conduct the camp.

Big Game Rifles and Cartridges
for Shooting Right

KEEP the right spirit burning—the good American pioneer spirit—and get some wholesome recreation and some game for your table, with a Remington UMC big game rifle and cartridges.

With a Remington UMC Autoloading or Slide Action Repeater in your hands, loaded with Remington UMC Cartridges, when you will win a chance to bag that big buck you will be prepared to shoot right.

No bolt or lever to blindly grab and wildly yank—your hands stay right in shooting position. Easy to shoot because fit, balance and right are right. And has the speed, the accuracy and the punch to do its work quick and clean.

There is not a single behind-the-times model or out-of-date feature in the Remington UMC line of big game rifles. They are the leaders—leadership backed by the Grand Prize gold medal, highest possible of honors. "For modern Firearms and Ammunition," awarded to Remington UMC at the San Francisco Exposition.

AMERICANS SHOOT ANY WHO SUGGEST THEY SURRENDER

In Sharp Fight Yankees Repulse Strong German Raid Following Barrage

BY FRANK J. TAYLOR
(United Press Staff Correspondent)

WITH THE AMERICAN ARMIES IN FRANCE, Sept. 11.—In a sharp fight northwest of Colmar (in Alsace) the Americans repulsed a heavy raid following an intense German barrage in which more than 200 mine throwers were used against our trenches and 1000 big caliber shells were thrown into our communication lines and the back areas.

The Germans came on with flame throwers. The Americans met these and in the course of a fierce fight at close range in which grenades, bayonet and rifle were used the enemy was driven off. In their retreat the boches hastily threw down a number of flame throwers and other supplies, which were captured by our troops. More than sixty Germans were counted running back from the American trenches. They carried a number of dead and wounded.

Despite the large number of patrol operations the Germans for weeks have been unable to take a single American prisoner on the Lorraine front.

Captured Germans say they were ordered to get prisoners immediately or it would be necessary to make a raid as big as a regular attack to secure the information demanded by the enemy commanders.

A general order advises all American units to adopt a policy during battle of killing anyone who suggests surrendering. This policy originated at Fismette, where general operations were hampered when someone in an American uniform shouted further resistance was not necessary and therefore the troops should surrender. This was probably a German propagandist. The unit was advised to kill anyone suggesting surrender and all American troops are following the same plan. This means it will go hard with any German propagandist attempting to injure the morale of our soldiers in battle. German prisoners taken in Alsace report the Kaiser's soldiers eagerly reading allied propaganda papers which are thrown in their trenches despite the order of the German command forbidding soldiers to read such literature and offering a reward for all tracts brought in. The commands are not getting many as the tracts are kept circulating among the troops.

W. S. S.—
AMERICAN LABOR WILL NOT CONFER WITH THE ENEMY, SAYS GOMPERS

LONDON, Sept. 11.—American labor will refuse to participate in a conference with enemy organizations, Samuel Gompers, president of the American Federation of Labor, declared in an interview with British journalists, made public here today.

"I don't want to appear dogmatic," said Gompers, "but of this fact you may rest assured: There will be no recession from the position the American Federation of Labor has taken in this war. This means the federation will refuse to participate in conference with enemy organizations. The men and women of America are not vindictive; they want nothing but the right of democracies to live their own lives without being menaced by militarism or autocracy. And that includes the democracy of Germany."

W. S. S.—
AUGUST BIG MONTH WITH FRUIT EXCHANGE

ORANGE, Sept. 11.—August was another big month for the Orange County Fruit Exchange, so far as financial receipts were concerned, and set a new record for carload averages.

The August receipts of the exchange were \$557,749.24. While exact figures were not available, it was shown that the August shipments averaged more returns per carload than any previous month of this record-breaking year. The receipts for June, July and August total \$1,336,682.52, and for the year to September 1, they are \$2,829,937.11.

Already near the three million mark it is estimated that the year's total will eventually go to four million or more, inasmuch as the Exchange has 165 cars of Valencia remaining to be shipped, which is included in a total of more than 400 cars on which no report of receipts have yet been turned in.

W. S. S.—
STEPHENS AND FLOWERS WILL GET G. O. P. EFFORT

LOS ANGELES, Cal., Sept. 11.—Los Angeles Republicans will center their efforts in the November election on Stephens and Flowers, opponent of Charles Randall for congressman from the ninth district.

That was made clear today following the organization meeting of the County Central Committee held last night. The committee organized by naming D. W. Robinson of Pasadena, chairman; H. P. Barbour of Long Beach, vice-president, and O. R. W. Robinson, secretary.

At the same time the Republicans were meeting the Democratic committee was in session. The situation regarding the Democratic gubernatorial nomination tangle was discussed in detail, and the name of Franklin K. Lane secretary of the interior, as a possible candidate was frequently mentioned. The Democrats did not complete their organization.

G. O. P. DELEGATES MAYOR ROLPH PUTS ANOTHER LUMBER BOAT INTO WATER

Central Committees at Court House Met Yesterday For Organization

The Republican County Central Committee was the only one of the county central committees that failed to meet yesterday, as required by law, and organize. With twenty-one members, the Democrats had nineteen in attendance at its meeting in Judge Thomas' courtroom. The Republicans had six present out of twenty-two.

J. S. Rice and Ben Tarver were re-elected chairman and secretary, respectively, of the Democratic committee. The delegates from each of the supervisory districts were authorized to select one delegate from each precinct in their district to form an auxiliary committee.

The Republican committee adjourned to meet again next Tuesday at the court house at 2 o'clock.

The Socialists elected Burr Hoffmaster of Santa Ana chairman, and Hugh Day of Tustin secretary.

Ed Chaffee of Garden Grove and Mrs. Flora Cox of Cypress were chosen chairman and secretary of the Prohibition committee, with F. L. Bundy of Santa Ana elected to the position of treasurer.

No effort was made to hold a meeting of the Progressive Committee.

THREE LITTLE GIRLS STRICKEN, TWO DIE, AS RESULT OF POISONING

ORANGE, Sept. 11.—Sarah Quintana, aged 2, passed away at the County Hospital and her 4-year-old sister, Cora Quintana, died at 9 o'clock yesterday morning, while another sister, Clara, aged 3 is seriously ill as the result of acute poisoning.

They are the three little daughters of Mr. and Mrs. B. Quintana of 808 E. Washington avenue, Orange. They were taken suddenly ill several days ago and it was discovered that they had eaten a large quantity of green walnuts and then drank some stale catsup which they found in a neighbor's yard. They were taken to the County Hospital last Wednesday.

It is believed that death was caused by sheega bacilli, the same form of poisoning which caused the death of the two small children of Rev. and Mrs. E. J. Rudnick of Santa Ana recently. This disease is especially fatal to children, the younger the patient, the less chance there is for recovery.

Little Clara was removed from the hospital by her parents yesterday afternoon.

ARMORY MATTER UP TO COMMITTEES

The executive committee of the Red Cross met yesterday afternoon for discussion of plans for adjusting matters arising from the occupancy of the Armory by the Red Cross.

A committee of five was appointed to meet with a like committee from the Seventeenth Separate Company, N. G. C., recently organized here, to see what can be done in the securing of quarters for each that will cause the least sacrifice to each organization.

YANKEE ROCK BARRAGE HOLDS OFF HUN PATROL AND CAPTIVE ESCAPES

WITH THE AMERICANS IN FRANCE, Sept. 11.—How a captured American soldier escaped from a German patrol and kept the Boches at bay by throwing rocks at them was told here today.

North of Toul the American was seized and carried off by the enemy squadron. He suddenly broke away and dashed into a shell hole. There he seized rocks and pelted the Germans, standing them off until one jumped upon the American. With a trench knife as his only weapon the Yankee killed the Boche and sprinted across No Man's Land, reaching his own lines unharmed.

CABLE STATES VESSEL BOUND FOR U. S. WAS TORPEDOED BY SUB

AN ATLANTIC PORT, Sept. 11.—Officials of the Canadian Steamship Company here today stated they had received a cable stating their passenger liner Mississauga, (sunk) had been torpedoed and probably sunk. The cable gave details. The Mississauga was a fine twin-screw ship built at Glasgow in 1914 for the one class cabin and third class passenger trade of the Canadian Pacific steamship lines between London and Montreal. It had been taken by the admiralty for carrying American troops to England. She was 14,263 gross tons, 500 feet long, 64 feet beam, 38 feet deep of hold and had an average speed of 17 knots an hour.

HAY FEVER SUFFERER TELLS HOW HE FOUND RELIEF. IT MIGHT PAY OTHERS TO TRY THE REMEDY.

Millville, N. J.—"I was run down, could not sleep at night and entirely worn out with Hay Fever. I have charge of Golf Links, but had to lay off for weeks at a time. Three bottles entirely cured me. I am healthier and stronger than I have been for twenty years. Every person who suffers from Hay Fever should try Vinol."—Samuel Flickinger.

Vinol contains the tonic properties necessary to enrich the blood and impart health to nerves, muscles and tissue. Rowley Drug Co., and druggists everywhere.—Adv.

PROTECT ESSENTIAL INDUSTRY IN DRAFT

BY ROBERT J. BENDER
(United Press Staff Correspondent)

WASHINGTON, Sept. 11.—In the forthcoming great draft every care is to be taken to protect essential industries but at the same time exceptional alertness will be used to prevent abuse of "industrial exemption" claims.

This has been made clear by the provost marshal general, explaining the preference list, issued by the war industries board, to aid draft boards in determining proper application of the so-called work or fight order.

These lists embodied in four main divisions, compiled according to their relative essentiality for war work, are merely for guidance.

"Such lists shall not be regarded as binding upon the district board in its conclusions as to whether any particular industry, occupation or employment is necessary," Provost Marshal General Crowder today declared. "Nor shall such lists prevent the district board from holding as necessary any industry, occupation or employment not contained therein."

Crowder declares these lists merely supplementary information in the hands of the district boards and to assist the boards in dealing with specific cases.

Each board will have industrial advisers who will bring to the attention of the board itself such matters as whether or not individuals engaged in some particular line are so necessary thereto as to outweigh the benefit the nation would get from their services.

These advisers will confer with employers who ask deferred classification for their men and with employees in whose behalf no such claims have been made. Thus a much more careful examination of questionnaires is in prospect for the next draft and it is hoped to reduce the minimum both of abuse of exemption privileges and injury occurring from too hasty passing on questionnaires. In determining upon the classification of men there will be really only two great binding factors in the work or fight interpretation of right to exemption or deferred classification. First, that a man is engaged in industry occupation or employment necessary to the maintenance or operation of military forces or the maintenance of public interest. Second, that he himself is necessary to the operation of necessary operation.

ROAD CONSTRUCTION EXCEPT WAR NEED, IS UNDER BAN

SAN FRANCISCO, Sept. 11.—Street and highway construction throughout the country came to a full stop today, except where military necessity is shown.

The stopping of highway construction is the result of the order issued recently by Federal Oil Administrator for California D. M. Folsom and by the Federal Highways Council.

The order was given in the interest of fuel conservation. Much similar work has been considered reduced for financial reasons enforced by the Capital Issues Committee of the Federal Reserve Bank, as well as the scarcity of labor and the higher cost of materials. The State Power Administration slowed up road work recently by announcing a proposed cut in the production of cement and crushed rock in an effort to conserve hydro-electric power.

NOTICE

At regular monthly meeting of the Board of Directors of California Lima Bean Growers Association, held at Oxford, on August 12th, the following resolution was unanimously adopted and the Secretary was requested to have copies published in various papers.

"RESOLVED, that we earnestly recommend to each member of all our various local associations, that when it comes time to clean up settings, or to have their bean fields gleaned by hand picking this fall, that they arrange to have this work done on a per day or a per pound basis, and absolutely refuse to have settings cleaned up or fields gleaned on the share basis or through any method by which any of the beans grown on their farms would come into the possession of anyone doing the gleaning or picking."

"We also request bean growers not members of our associations to cooperate with us in this plan."

Goodrich Ford Tires
THE UNIVERSAL CAR

Why not quit experimenting and buy all your Ford size tires from us.

Be honest with yourself, you know you are losing dollars, trying to save dimes. We sell Goodrich, Firestone and Goodyear, the three oldest and largest makers in the tire world. You take no chance in buying these tires, as you have their unqualified guarantee of satisfaction and our assistance to see that you get it.

Play safe, buy Ford needs at the Ford home.

PEOPLE AND SOCIAL NEWS NOTES FROM ORANGE CITY

ORANGE, Sept. 11.—Captain W. O. Hart, former editor of the Orange Daily News, now at Camp Lewis, Wash., has been appointed acting major in command of the Second Battalion, 166th Depot Brigade, at that camp. If precedent is followed, he may receive the rank of major within a short time.

Word of his appointment was contained in a letter received by his wife yesterday.

Captain Hart has been at Camp Lewis since last December, most of the time in the depot brigade, though he was in command of Company C, 363rd Infantry, for awhile. Later he was transferred to command of the 5th Company, Second Battalion, 166th Depot Brigade. Now he has been moved up to command of the entire battalion, which consists of four companies. This command is ordinarily held by a major.

At Camp Lewis it has been the practice to elevate captains to the command of a battalion before giving them the rank of major. Captain Hart would have received this promotion several months ago, but instead came to Camp Kearny in command of a troop train. During his absence another captain took command of the battalion and has now been advanced to full rank of major and transferred to another battalion. Captain Hart takes his place.

Orange Odd Fellows will be hosts at a rare treat next Saturday evening when a troupe of entertainers from American Lodge, Los Angeles, will stage the "Wheel of Justice" in the local lodge rooms. Fifty Odd Fellows will comprise the visiting cast and they are heralded as great performers. The program is set for 8 p. m.

John George Laemmle, well known resident of Orange, was joined in marriage Saturday to Mrs. Kate Young of Los Angeles. The ceremony was performed at the P. W. Ehlen home by Rev. N. F. Jensen, pastor of St. John's Lutheran church of this city.

W. S. S.— COTTON PICKIN' TIME AT HAND NEAR BLYTHE

BLYTHE, Sept. 11.—The cotton season of the Palo Verde Valley has just opened with the ginning of the first bale. It weighed 55 pounds and belonged to the E. R. Litton ranch. Pickers are beginning to flock into the valley and the streets are filling with strangers settling here. There will be no demand for many pickers for a couple of weeks yet, although some of the growers have already a number of hands at work. Lack of adequate accommodations in town and valley will reduce the number of female cotton pickers, although a number of women and girls will receive good quarters. There is a scarcity of houses here, and building operations have not kept pace with the influx of newcomers. The drought in Texas is bringing many Texas cotton men to this place. Many of their owned cotton fields that failed and they are now being engaged to pick cotton in this valley.

NOTICE FOR PUBLICATION OF TIME OF PROVING WILL, ETC.

In the Superior Court of the County of Orange, State of California.

Notice is hereby given that Friday, the 20th day of September, 1918, at 10 o'clock a. m. of said day, at the Court room of this Court, in Department 2 thereof, at the Court House, in the City of Santa Ana, County of Orange, State of California, has been appointed as the time and place for hearing the application of

Nora Florence McWhinney, praying that a document now on file in this Court, purporting to be the last will and Testament of the said deceased, be admitted to probate, that Letters Testamentary be issued thereon to said Nora Florence McWhinney, at which time and place all persons interested therein may appear and contest the same.

Dated September 5th, 1918.
N. T. EDWARDS, County Clerk.
By A. L. HITCHCOCK, Deputy.

WELLS & WARNER

Both Phones.

"PERALTA HILLS"

ORANGE AND LEMON

GROVES

In Orange county's famous citrus belt, offer the homeseeker and investor an opportunity of acquiring, at the lowest figure, property which will rapidly increase in value. Peralta Hills groves are selling for less than they should and must advance in price soon. This increase is normal and will be continuous with every year of growth. It is based on the increase in production of the trees from year to year, and is as sure as time itself.

"Peralta Hills" groves are delightfully located in a positively frostless section, have deep rich soil, an abundance of water and are set out to Valencia oranges and Eureka lemons, the most profitable combination in Orange county, the richest county in the world.

Write for our folder, giving full information, maps, photos and terms.

Improved or unimproved, in tracts to suit. \$150 per acre up. Some trade.

5 room bungalow, close in

Letters From Men in Service

WOUNDED, WANTS TO GET BACK ON FIRING LINE

Corp. Jacob M. Fisher Would Like to Rejoin His Company

Although wounded and in the hospital at the time he wrote, Jacob Fisher was anxious to get back on the firing line and participate in the history-making events that have transpired on the front in the past few weeks. He may be in action now, for all that his parents know. Writing of his wounds to his parents, Mr. and Mrs. J. A. Fisher, of 519 West Second street, he says:

"No doubt it is a long time since you have heard from me, but at the front a man never gets a chance to write. I am in the hospital, so I can write every day as long as I am here. I was wounded in action August 4. Don't worry about me—it is only a slight shrapnel wound through my left shoulder and is nothing serious. Fritz sent a high explosive shell a little too close and I caught part of it—that's all."

"Believe me, this hospital is just like Paradise, after being at the front for a few weeks. However, I will be glad to get to the front again and into action. We have Fritz running so fast that he can't dig himself a hole to hide in. I am now in D Company, 58th U. S. Inf. We have a fine bunch of officers and the men are a fine bunch—as brave as they make them. I have a corporalship again. I haven't been paid since I left Camp Kearny, but Uncle Sam issues smoking tobacco regularly, so I have all I desire."

The wounded man asks every member of his family to write and also his friends. His address is Corp. Jacob M. Fisher, Co. D, 58th U. S. Inf., American E. F. A. P. O.

In Convalescent Camp

In a letter received a few days after the one above, Fisher says: "I am still in the hospital; that is, I am in the convalescent camp adjoining the hospital. My wound is healing as well as can be expected."

"The boys who are getting over wounds or recovering from gas are doing light work. This morning I had charge of a lumber detail, but, believe me, we don't work very hard. We are not expected to."

"I don't know how soon I will be able to go to the front again. The war may be over before I can get back again. But I wouldn't sell my experience for a large sum of money. I am entitled to wear a gold wound stripe on my right sleeve now. You folks are entitled to a silver star in your service flag instead of a blue one."

"I guess you thought for a while that I was never going to write, but I was sent to the front line right away and there was no available paper, and, besides, we were chasing the Hun so fast that we did not have time to eat or sleep."

It is a relief to be back here for a while out of range of the shells and whizz bang, but I would like to go back and chase them a little further."

—W. S. S.

GERMANS 'BUM' SHOTS, WRITES TEEL

Local Boy Is at Base Hospital Recovering From Gas

"The Germans are bum shots," writes Alvin Teel, son of Mr. and Mrs. Frank Teel, of 1023 West Bishop street, who is "over there" in Company M, 59th Infantry. He writes:

"I am still alive and feeling fine now. I was sent back to Base Hospital No. 20, about a week ago. I was gassed but not very bad. I am up and around and getting along nicely, so don't worry. I guess I will be here a month or so more resting up. I was in action up on the front line about two weeks the last of July and the first of August."

"The Germans are sure bum shots. This sure is a nice place, a 150 or 200 miles back in the mountains at a swell summer resort. I wouldn't care if they would leave me here awhile."

"Tell all to write. I haven't received a letter of any kind since I left Camp Kearny, but am settled down now, so expect some soon."

WRITES OF 'CHOW HOUNDS' DUTIES IN THE NAVY

Enlisted Men Are 'Brothers In a Humdinger of a Scrap, Going to Knock-out'

The Rev. Lloyd Darsie has received the following interesting and humorous letter from his son at the Mare Island Naval Training station, which reads so well that it is printed in full. Darsie writes:

Mare Island, Aug. 14, 1918.

Dear Dad:

I am now wrapping my flapping pantaloons about me and writing you the letter so long over-due. But duties in the navy are pressing, especially if through misplaced confidence in your C. P. O. you are a "chow-hound." I wonder if in your work in the "Y" you ever stumbled over that under dog, the hot, dirty, sweating sailor detailed as a mess-man? Well, if you didn't, maybe you'd like to know what he does to sink the submarines of Kaiser Bill. In the morning, dad, I get up. Not at 8:30 in the morning, but in the dark, cold, dismalness of a 5:15 reveille. Think of it, 5:15 a. m. Not one morning a week, but every morning. You say, "Why do you do it, why not lie in bed as respectable folks are wont to do?" Well, dad, if you had a mess-at-arms pounding the bottom of your hammock with a six-foot "two-by-four" you'd think it was pretty nice to get up too. Yes, there's no doubt about it, when that board begins to crackle you begin to squirm. And you squirm out, and when you're out you jump into your clothes. And then you hang your hammock and bedding out in the wind which fills it with dust and chokes the bugs.

When you've got your hammock out you tear for the "chow-hall." One nice thing about this "chow-hounding" is that you get all you can eat. You see you set the table, and put everyone else's rolls and peaches and beans and things around, and all that's left over you put under a bowl and put in front of your place. And then if you're lucky, no one turns the bowl over; but if they do, if they're a "Texas longhorn," tell 'em you're an admiral, but if they're a hard-boiled, hash-marked, old navy man, give them your good wishes with their third. Here in the navy a man's physical welfare depends largely on his ability to distinguish between the "Arkansas goopie" and the old bird who makes the sidewalk crack when he spits.

So far I've found this sea-faring life great sport. You're here on the island training, and then when you get liberty you can go to "Frisco" where the salt air just more than blows in. If you're real desperate and confident in your prowess you can even go out to Lake Merritt in Oakland and rent a row-boat and everything. It's pretty fine, believe me.

Maybe, dad, you being a preacher, would like to know what wicked old "Frisco" looks like to me, a "gob." Well, dad, maybe all you saw was the bars, but all I see is the cars. Going up Market street there's four of 'em, not real cars, but dinky little green ones. They lumber along, racing between corners to see which can get the customer at the next stop, and at the loop, they're a fright. You know right in front of the Terry building there's a park. Well, this park is now just about deserted, you see the cars make a circle around it that would drive a preacher crazy, let alone a "gob." No, I don't hand "Frisco" very much except in this: They treat a man in uniform as though nothing were too good for him, so I guess I'll change my mind and hand 'em quite a bit after all.

Oh, I'd clean forgotten "chow," well, they come in, "goopies" and "gobs," the former with their heads shaved and the latter needing hair cuts. And when some dizzy wop sings out, "Where in H—s that low down chow-hound?" then you arise and gently inform him both of your presence and of your being at his entire service. Let's pass over morning chow and get to clearing up the dishes. You put them in racks and they get washed, sterilized, and dried, independent of your efforts. Afterwards you scrub down the deck, which is what they call the floor anywhere in the navy, be it cellar or garret.

No, dad, "wrestling chow" is no soft job for anyone, but it only lasts for three days, and then you're off for a long while. The main drawback of the navy are swales (mops in God's country), C. P. O's, reveille, and corns. The latter I will speak of in another letter as they are too numerous to mention now. On the other hand, there are so many advantages that one often wonders how he happened to stay out of the service so long. I will tell you one thing, dad, I can now walk down the street

BOYS AT HOME MISSING BIG THINGS

Walter Thomas Tells of Participation in Big Drive

"Tell the boys for me that they don't know what they are missing by not being here with me," says Walter E. Thomas, formerly with Co. L and now with a signal corps in France, in writing to Miss Mary Frogley, 402 East Fourth street. He inclosed in the letter a souvenir—a piece of Quentin Roosevelt's aeroplane, which fell near where Thomas was stationed.

Thomas, who left here on March 26 says: Somewhere in France. August 10, 1918.

Dear Mary:

A few lines to let you know I am O. K. and still kicking. I have been up to the big show and have seen a good many things. I can say, also, some service.

We are resting, now for a little while, but expect to be in it again soon. Gee! it was wonderful to see our boys go after the Germans. They never had a chance to stop and guess they realize that the Americans can fight.

I saw a good many prisoners the first few days of the fight. They all seemed tired and very much discouraged. A great many of them are boys and old men.

Our division made a name for itself in this fight and some time they will write a page in history for them. I am proud to be with them, although my part was small, but I can say I was in one of the greatest drives the American army has ever made.

I am sending you a little piece of Quentin Roosevelt's airplane, which fell near where I am.

Tell all the boys for me that they don't know what they are missing by not being here with me.

As ever, your friend,

W. S. S.

COMMUNITY WILL JOIN IN SONG TONIGHT

Musical and Speaking Program Will Start at 7:30 O'clock

Tonight is the time for the first sing in the series of weekly community songs to be held at Birch Park as a part of the advertising features for the fourth Liberty Loan drive.

The program will start at 7:30 o'clock and will be snappy and brief. The speakers, of which there are three, will be limited to four minutes each. The speakers will be Prince L. Tople, Mrs. J. Dick Wilson and Rev. M. L. Pearson of the First Presbyterian Church at Orange.

Following is the program: Star Spangled Banner—Harry Garstang, leader.

Patriotic Remarks—Prince L. Tople.

Your Flag and My Flag—Mrs. H. M. Sammis.

Patriotic Remarks—Mrs. J. Dick Wilson.

To the Front (Odams)—Jas. Nuckles.

Our Soldier Boy—Written by Mrs. J. E. Tillotson.

Patriotic Remarks—Rev. M. L. Pearson.

Auld Lang Syne.

W. S. S.

Have your HAIR MADE NATURALLY CURLY. Curl not affected by dampness. Experienced operator. Mrs. Cora Cavins.

W. S. S.

Order a gallon or brick of Taylor's Ice Cream for Sunday dinner.

W. S. S.

Osteopathy and Medicine. C. V. Billingsley, M. D., D. O. Both Phones.

W. S. S.

Brushes! Brushes! Mrs. Cheney, 1265W.

with my head up and look every man I meet straight in the face, and ask him if he is doing his part.

It isn't what we have done, or what we are doing, it's what we're going to do that gives us an added feeling of self-respect. I used to have the feeling that I would like to run when I saw an enlisted man, but since putting on this weird old "gob's" uniform I like to welcome him as a brother. We are brothers, brothers in a humdinger of a scrap, and one that's going to a knock-out and not a decision.

He closes with the following poem, on "Wrestling chow:" If there's a softest job in heaven Such as watching incense burn By the mizzen mast above me, Let the "chow-hound" have his turn.

He's a luckless, thankless devil Who has done his share on earth; In the coming life hereafter, Let him have an easy berth.

It's either "Hit the Deck, you Sailor," Or a "Rise and Shine, you Gob," And the "Chow-hound" wakes from slumber To take up his dirty job.

But the war may soon be over, Mother, mark my words right now! I will clean, or chop the kindling, But I will not "wrestle chow."

100 LATE TO CLASSIFY

Stunning Wool Jersey Frocks

—for stylish stouts as well as for misses and petite women!
Three special prices:
\$19.50, \$25.00, \$35.00, \$42.50
—Wool jersey is on the lips of every one right now and it will not be at all difficult to understand why when you see these dresses on sale this week.
—It would take pages to even attempt a description, so we're going to pass that by and let the dresses themselves tell the story!—All sizes from 16s to 46s.

—Six of our many examples of well-known, dependable merchandise upon which you can save much money, if you come to the Smart Shop this week.

No. 1 Wash Skirts \$2.95 Values to \$4.00 —Piques, tricotines, corduroys. Lots and lots of time to wear them yet—not to speak of being prepared for next summer.	No. 4 Fiber Silk Sweaters —One Half Price \$35 Sweaters, \$17.50 \$20 Sweaters, \$10 \$15 Sweaters, \$7.50
